

PAPER CONVERTING MACHINE OPERATOR

Paper converting machine operators operate various machines which fabricate and assemble paper products such as paper bags, containers, boxes, envelopes and similar articles. They are employed by paper products manufacturing companies.

KEY RESPONSIBILITIES

Paper converting machine operators perform a wide range of technical functions.

- Operate machines which cut, fold, glue or clip paper and cardboard to make boxes, corrugated cartons and other articles
- Operate machines which glue paper to cardboard and cut it into required lengths
- Set up machines.
- Operate machines which cut, glue and fold paper to make envelopes or paper bags
- Operate other paper converting machines to form products such as paper tubes, cards, paper towels or diapers
- Clean and lubricate machine and perform other routine machine maintenance
- Operate machines which press paper to form drinking cups and other containers

EDUCATION AND TRAINING

Completion of secondary school is required by the pulp and paper industry and other large employers. Previous experience as a labourer within the same company may be required. Several weeks of on-the-job training are provided.
